

SOCIETY

Miss Margaret Spencer, of Philadelphia, Pa., arrived yesterday afternoon to be the guest of Miss Elizabeth Cecil at her home on Park Avenue. Miss Spencer has visited before in Richmond as the guest of Miss Cecil and several affairs have been planned in her honor.

Beatrice Herford Here Next Week. Beatrice Herford, monologist, who is here in town next week, will give several performances, but that taking place Tuesday night in the auditorium of the Woman's Club is the only one to which the public is invited, and therefore it is thought the hall will be crowded. She is the sister of Oliver Herford, widely known English poet, and was born in Manchester, England. Her early training was far removed from the stage, for she is the daughter of a clergyman, but impersonating came naturally to her from earliest childhood. This is her first appearance here in many years and society is looking forward to her visit with the greatest pleasure. Mrs. Alvin Hutzler is chairman of the committee in charge of the entertainment having been planned by the Council of Jewish Women.

Miss Sizer's Niece to Marry. The marriage of Miss Elizabeth Standish Sizer, daughter of Mr. and Mrs. Robert H. Sizer, of 53 East Second Street, to Vernon Mann, Jr., son of Mr. and Mrs. Vernon Mann, will take place on April 22 in Central Presbyterian church, New York City. The reception will be at Sheraton Hotel. The bride is a niece of Miss Josephine Sizer and Herndon Sizer, of Richmond.

Rev. Howland at the Y. W. C. A. The Y. W. C. A. has just completed a very interesting Bible course on the "Great Religions of the World." During the month of April, Rev. J. M. Howland, editor of the Christian Advocate, will give a series of talks and lessons on travels in the Bible land, emphasizing the outdoor life of Jesus Christ.

The Council girls invite any women in the community to share this wonderful opportunity with them. The first talk will be given on Thursday night at 8:15 o'clock.

Costume Not Obligatory. Interest in the baby party to be given by the Open Air School Committee during Easter week is growing rapidly. Men are hunting the loan of golf trousers and sport shirts and girls are investigating the wardrobe of their younger sisters. The committee has announced that it is not obligatory to wear the youthful costumes suggested, but all who can be asked to do so. It will be a brilliant affair at the Jefferson Hotel and Richmond society is looking with interest at the development of plans.

Lecture Thursday Night. A number of Richmond women are patronesses for the illustrated lecture which Mrs. William Williams will give at the Collegiate School for Girls on Thursday night at 8:15 o'clock for the benefit of the Near East Relief fund. The Associated Charities, Miss Williams will lecture on the "Pictures in the Metropolitan Museum," and she has a number of beautiful slides from New York. Among the matrons for the affair will be Mrs. Otway Allen, Mrs. W. R. Bowie, Mrs. Richard Carrington, Miss Boyd, Miss Sophie Eakin, Mrs. Gordon Glick, Miss Jessie Harbert, Mrs. Spencer Carter, Mrs. Herbert Claiborne, Miss Adelle Clark, Miss Nora Houston, Miss Rosalie Noland, Mrs. H. Smith, Mrs. Gordon Smith, Mrs. G. H. Winston, Miss Bessie Watkins, Miss Gertrude Lewis, Misses Lindsey, Mrs. Jordan Leake, Miss Elizabeth Davenport.

Legion Entertainment. The members of the American Legion and the Legion Auxiliary will have a joint meeting at Murphy's Hotel this evening at 8:15 o'clock. Mrs. Robert M. Blankenship is chairman of the entertainment committee of the auxiliary and she and her committee have planned an interesting evening. The legion men will hold their business meeting first, after which the evening will be a social one, with music and other interesting features. Mrs. Blankenship has on her committee Mrs. Arthur P. Wilkins, Mrs. Allen Chambers, Miss Bessie Richardson, Mrs. Conways-Sands, Mrs. Morton Wallerstein, Mrs. Fred Hodges, Mrs. St. George Bryan, Mrs. Elmore Hotchkiss, Mrs. Thomas Cary Johnson, Mrs. G. B. Marriage Announced. Mr. and Mrs. Robert S. Williamson of Barton Heights, announce the marriage of their daughter, Louise Carter, to John F. Bauer. The ceremony took place at Portsmouth, Friday, March 31, at the Rev. T. Clinton Hale, of the Presbyterian Church, officiating.

Phile Saturday. The regular advanced and intermediate classes in gymnasium of the Y. W. C. A. gave a picnic last Saturday afternoon. The party took place at Forest Hill, and the entertainment included the usual fires and

out-of-door games. The three beginner classes were guests of honor at the affair.

Guest of Her Daughter. Mrs. Jan Randolph Green has returned to her home after visiting friends in Winston-Salem, N. C. Her mother, Mrs. S. H. Smith, is visiting her at 1224 Grove Avenue.

Visiting on West Avenue. Mrs. E. A. Sinyer is visiting her sister, Mrs. H. H. Smith, 1102 West Avenue. Colonel and Mrs. Sinyer have spent the winter in Washington, where Colonel Sinyer is a member of the War College.

SEEKS TO ESTABLISH AERONAUTIC ACADEMY

[By Associated Press.]
WASHINGTON, April 3.—The need for greater governmental activity in the field of aeronautics "in order that this country may not be completely outdistanced" was emphasized in a resolution introduced today by Senator Walsh, Democrat, of Massachusetts. The resolution would have the Senate direct Secretaries Weeks and Denby to report to Congress the advisability of establishing a Federal aeronautical academy similar in type and function to the Naval and Military Academies, or of utilizing facilities of the present academies for separate instruction in flying.

Calomel is a Dangerous Drug
Next Dose may Salivate You, Loosen Teeth or Start Rheumatism

Calomel is mercury, quicksilver. It crashes into your bile like dynamite, erasing and sickening you. Calomel attacks the bones and should never be put into your system. If you feel bilious, headache, constipated and all knocked out, just get to your druggist and get a bottle of Dodson's Liver Tonic for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Exercise Makes Strength.
Your foot arch is composed of muscles and tendons. Keep these healthy by free circulation and natural exercise, and Nature will see that these arch bones never fall. Cantilever Shoes permit this free circulation and unrestricted foot action by being shaped like the foot, flexible like the foot and arched like the foot. HOW TO SAVE WHEN SHOPPING

By Ruth Leigh.
Author of "The Human Side of Retail Selling," "The A B C of Retailing," etc.

If you ask an old, experienced housewife how she knows good meat, she often says, "Why, by the color, and feel—oh, I just know." But that is too puzzling for the young, inexperienced meat buyer, who needs more practical, concrete suggestions. We'll consider her problems.

Take beef, for example. What are the characteristics of good beef and how does one recognize them? To begin with, good beef becomes bright red when it is exposed to the air, and it is best to choose firm, fine grain muscle. You will always recognize the tender cuts of beef because they are well mottled with fat. The surface of good beef, moreover, is moist and juicy. This is also the result of exposure to the air. The edge of good beef fat is straw-colored, and when you feel it with your finger it is firm and thick.

Of course, you want fresh meat, but remember this: when meat has hung for some time after slaughter it is more tender than if eaten at once. You can tell poor beef in several ways. First, the meat is coarse and flabby, and the color dark. Always in beef, you will find some spots which have dark, dry edges or spots. Moreover, you will recognize poor beef by the dark, oily fat.

These seem many details for a more or less inexperienced housewife to bear in mind during the brief period of buying meat, but how and where to buy is more economical in the end than wasting

meat and money because of a hasty or ignorant selection.

The cuts of meat which have this connective tissue holding the fibers are tender cuts; heavy connective tissue makes tough meat. When there are flecks of fat all through the fibers of the meat it is more tender and has more flavor than meat without fat.

After you have decided which cuts you prefer, order the meat by name and see that it is cut and weighed, if possible. Don't forget to have the trimmings sent home. You can always use them for soups and other purposes.

Do you know pure silk when you see it? Tomorrow's talk will give you some hints about this.

To the Guests of The Hotel McAlpin:

A Reduction in Rates

I AM addressing this open letter to you—our guests—because by your very patronage you have made it possible for us to offer lower rates sooner than we otherwise could have done—for large patronage in large production in any industry.

To Serve You Better
—this reduction in rates was made March Nineteenth

THE announcement caused widespread approval. Organized groups of travelers and executives throughout the country have expressed their appreciation of our action and its meaning to them in helping to reduce the cost of their New York trips. The National Council of Executives has bulletined the good news to all its members. The favorable comments of the press have of course been gratifying to us.

We realize that it is not possible for all hotels to reduce their rates at this time. The location of a hotel, its size and patronage, directly affect the rates. The McAlpin with its annex, the Martinique, having more rooms than any other hotel in the world, is fortunately in a position to pass on to its guests the savings which accrue through so large a patronage.

When you are next in New York, come to the McAlpin. Its diversified service ensures comfort and convenience with economy of expenditure. You may now have rooms with bath as low as \$4.00; and without bath, at \$3.00.

—at the Martinique—the rates are now from \$3.50 for rooms with bath and \$2.50 for rooms without bath.
